

Directions to 913 Icon

Address: Corner of Lower Long Street and Hans Strydom, **Foreshore, Cape Town**

GPS: 33° 55'04,46" S & 18° 25'24,78" E

Check In Procedure:

- Call the Concierge Number about 45 minutes before your arrivals. This is very important!! Failure to let us know that you are on your way may result in you having to wait before being checked in.
- Follow the directions below to the property.
- Our representative will meet you at the building entrance and check you in.

Late Check In Fee: please note that any arrivals after 16h30 incur a late check-in fee of R250.

Directions from the airport to the Property:

In order to get to **Icon** from the airport take the N2 westbound, following the signs to Cape Town.

You will then see signs for the M3 to Muizenberg (to the left) or **M3 to Cape Town** (to the right). **Continue to follow the signs to Cape Town.**

The N2 merges with the M3, and shortly afterwards will split into De Waal Dr (the left two lanes) and Nelson Mandela (Eastern) Boulevard (the three right hand lanes). Stay in the right hand lanes.

Follow Nelson Mandela (Eastern) Boulevard to the end (a large intersection with signs to the V&A Waterfront to the right) where it runs into Buitengracht Street.

Follow Eastern Boulevard to the end (a large intersection at Coen Steytler Ave with signs to the V&A Waterfront to the right and the CTICC (Cape Town International Convention Centre) / Westin Grand to the left).

Glide off to the left onto Coen Steytler Ave (the Convention Centre complex will now be on your left).

Travel about 150m in the right lane and at the first set of traffic lights turn right into (Lower) Long St.

Proceed about 200m and take your 2nd right into a small unnamed road (you can't miss it because the Icon building is right there). There will be an open untarred parking lot on your right.

The Icon building is now on your left and you will see an entrance ramp and boom on your left.

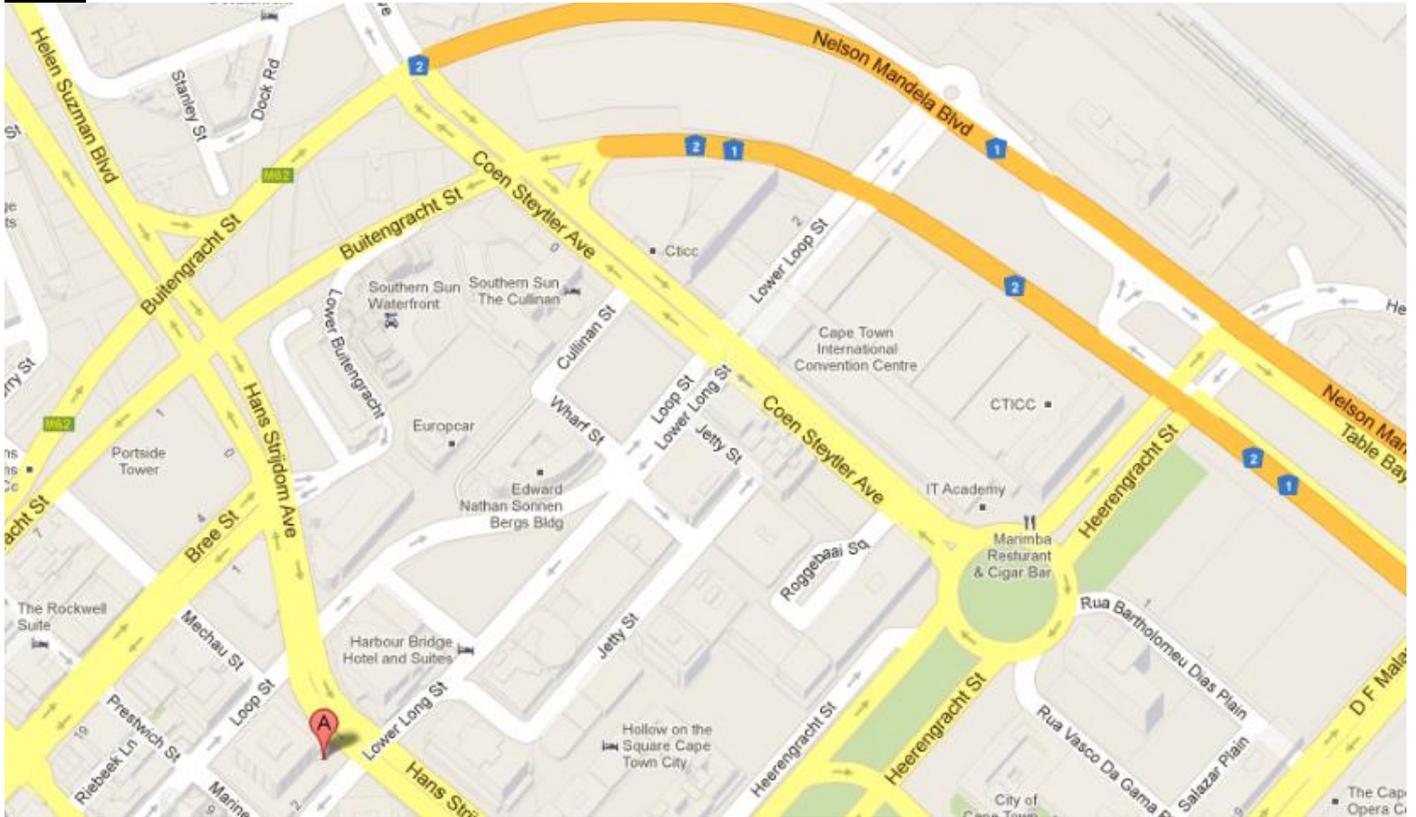

The first boom and ramp you see is the one you will use to access the parking.

Access and Parking:

Use the grey security tag to gain access to the parking area. Proceed up the ramps onto parking L1. Yours is Bay 41. The number is painted on the bay floor and there is a sign saying "www.rentalscapetown.com, 913, Private" on the wall. Please only utilise this parking space.

You will see an orange doorway marked "Residential" nearby, use the grey access tag to open this door and access the lift area – this is level P1. Take the lift to the 9th floor. Leave the lift area via the door to the left. Walk down the corridor to 913 on your right.

Map:

“A” marks the Icon Building.

Waste disposal:

May be left outside your door and it will be collected. If you wish, there are dedicated bins on the 4th floor in the large inner area bounded by blocks A, B and C. There are three wooden doors on the right of the gym entrance and in one of them is a waste bin.

Intercom:

Visitors can report to the security desk in the reception area off Lower Long St where the guard on duty can call your intercom and notify you of their presence before allowing access.

Internet:

Icon has a dedicated WIFI network that requires prepaid data to be purchased to make use of it. Use your device's wireless adapter to connect to the network called “DML” or “Icon DML” depending on which one has the strongest signal. Open your browser, and navigate to any web page; Icon login page will come up. Input your user details.

The other alternative is 3G internet connectivity: reception is good and the appropriate modem, smartphone or gateway is required. Vodacom and others have good 3G coverage in this area.
